### "AMERICAN REVOLUTION, THE AUGMENTED EXHIBITION"

This innovative exhibition brings you back to the defining moments of the American Revolution and that shaped American democracy.

### A CELEBRATION OF THE MOMENTS AND FIGURES THAT CREATED A NATION

Developed in partnership with leading historians and scholars, American Revolution, the Augmented Exhibition celebrates the diverse figures who shaped American democracy and combines the best in physical display and augmented reality to create a fully immersive historical experience for people of all ages.

**3000 to 6000** square feet (modular) | **100 to 300** HistoPad tablets | **10** languages

- Versions for visitors with disabilities
- Analytical data and feedback from visitors
- Annual updates
- Email collect
- Treasure hunt and other fun features

Using an interactive tablet, the HistoPad, visitors travel back to the years 1767 – 1789 to discover 3D recreations of 15 significant events. Along the journey, they will explore events such as the Boston Tea Party, Constitutional Convention, and the Battle of Yorktown as well as visit key cities and places including Boston, Philadelphia, New York, Canada and France.
